Footnotes:

¹ Age 'Age' refers to the age of a person (or subject) of interest at last birthday (or relative to a specified, well-defined reference date).

² Language spoken most often at home Language spoken most often at home refers to the language the person speaks most often at home at the time of data collection. A person can report more than one language as spoken most often at home" if the languages are spoken equally often. For a person who lives alone

³ For more information on language variables, including information on their classifications, the questions from which they are derived, data quality and their comparability with other sources of data, please refer to the Languages Reference Guide, Census of Population, 2021.

⁴ This variable is derived using the same method as in the 2016 Census. Individuals who reported multiple non-official languages and did not report English nor French are grouped according to the first non-official language reported.
